

DECLARES FOR TARIFF BUREAU

President Wants It Created
at This Session of
Congress.

MR. TAFT THINKS
PLAN WOULD HELP

House Resumes Tariff Dis-
cussion Grind—Other
Washington News.

Washington, March 31.—President Taft today declared himself in favor of a tariff bureau to be created at this session of congress. He believed such a bureau would be of great assistance to him in the application of the maximum and minimum principle of the Payne bill in the negotiation of foreign trade agreements, as well as in furnishing detailed information to congress and the white house on various tariff questions as they arise.

The president's announcement was made to the executive committee of the committee of one hundred created by the national tariff convention recently held in Indianapolis. This committee, consisting of S. E. Miles, chairman; Henry R. Towne, of New York, and D. A. Tompkins, of Charlotte, N. C., called at the white house to lay before the president the views of the tariff convention and to recommend a permanent tariff commission.

Would Not Discuss It.

In response to an invitation from President Taft delivered at the Harvard dinner last night, Dr. Charles W. Eliot, president of Harvard university, called at the white house today and was received by the president in the blue room. It was understood, as the result of what was said at the Harvard banquet, last night, that Dr. Eliot was formally tendered the ambassadorship to Great Britain, the duties to be assumed within six months. It was said that Dr. Eliot who is retiring from Harvard after forty years of service at the head of that institution, might accept under these conditions. No official announcement was made in regard to Dr. Eliot's visit nor will there be for the present and the latter courteously declined to discuss the tender of the diplomatic mission in any way.

Resumed Tariff Discussion.

Without any preliminaries the house today resumed consideration of the tariff bill. Mr. Morgan, (Missouri), urged protection for the zinc industry.

Quoting from a speech by President Taft that the primary purpose of a tariff was that more revenue may be provided for the government, Mr. Brantley, (Georgia), declared this to be true democratic doctrine. The primary purpose of the Payne bill, he contended, was not revenue, but the maintenance of the true republican theory of protection. Mr. Brantley laid the present deficit at the door of what he charged was republican extravagance.

Mr. Brantley said the Dingley tariff on saved lumber of two dollars a thousand was not prohibitory, but a revenue rate.

The countervailing duty on coffee was opposed by Mr. Douglass, of Ohio, since, he said, Brazil, at which country it was directed, would be unable, without impairing her finances, to re-

WABASH WILLING TO MEET CITY ON PLANS

Submits New Scheme and
Matter is Taken Up
for Discussion.

The Wabash Railroad company this afternoon submitted a new set of plans for track elevation to the board of public works in which the clearance is fixed at fifteen and a half feet to conform with the plans made by the city and the Pennsylvania company, but two driveways are provided for and the street car tracks must be depressed below the point fixed by the city.

The plans were taken up for discussion by the board, the mayor, city engineer and city attorney and a number of southside property owners and will be held over by the board for final action. The plans provide for two driveways, two sidewalks, two rows of columns for supports and the width is so great that it will have to extend over on to both the Wabash and Pennsylvania properties if they are followed. The conference was not held until late this afternoon.

Present at the gathering in the interests of the company were F. A. Delano, president; George C. Freeman, assistant to the president; E. B. Prior, third vice president; Henry Miller, general manager; S. E. Cotter, general superintendent; A. O. Cunningham, chief engineer; E. F. Needham, general motive power superintendent; George W. Smith, master mechanic; W. C. Maxwell, traffic manager; H. E. Watts, assistant traffic manager; R. G. Thompson, district passenger agent; C. A. How, purchasing agent; J. C. Sullivan, division superintendent; W. S. Dances, engineer of maintenance of way.

King Peter's Broken Health May Mean Change of Dynasty in Serbia.

LATEST PHOTOGRAPH OF KING PETER OF SERBIA.

Vienna, March 31.—London reports that in political circles the resignation of Izvolsky, Russian minister of foreign affairs, is expected. It is further rumored there will be a change of dynasty in Serbia, since King Peter's health is broken down. Prince Alexander, the newly appointed heir presumptive to the throne, is unfit to succeed his father. The Zvonko, a Belgrade paper, openly advocates a republic.

King Peter has issued a ukase changing the names of his sons to perpetuate the name of George as the head of the house of Karageorgevitch. The former crown prince, George, who last week renounced his rights to the throne, will henceforth be known as Alexander, while Alexander, George's younger brother, who has been recognized as crown prince, will be known as George. George, the new crown prince, has been made a lieutenant in the army.

CHASE FOR CRAZY SNAKE CONTINUES

Reported Capture of Indian
Chieftain is Not Con-
firmed.

OFFICERS MAY BE
MOVING SECRETLY

But Deputy Sheriffs and the
Militia Resumed the
Search at Dawn.

Kansas City, Mo., March 31.—Up to 1 o'clock this afternoon no positive news had been received from Oklahoma confirming the reported capture of Crazy Snake.

It is possible and even likely that the chief may have been caught at some outlying point by an independent squad and is being taken secretly to the federal prison at Muskogee to allay excitement, but this cannot be stated to be a fact.

RESUME THE SEARCH.

Deputy Sheriffs and Militia Still Pur-
sue Chieftain.

Henrietta, Okla., March 31.—The report that Crazy Snake had been captured and surrendered is not confirmed this morning. Colonel Hoffman telephoned from Pierce today that the rumor was groundless. The Associated Press obtained similar reports over the long distance telephones from Checotah, Muskogee and Thompson.

Deputy sheriffs traveling in posse and the militia under Colonel Hoffman today resumed the search for the Creek leader at dawn.

Fear of Further Uprising.

There was some fear that the capture of Crazy Snake would incite the Indians throughout the state to an uprising and make stern measures necessary on the part of the state authorities. It was agreed, however, that the fall of the leader would end the long and useless reign of the Snake Indian band. There was some apprehension during the night that Checotah might be the scene of an Indian raid. An alarming rumor was circulated that the Creeks were planning to attack the town while most of the male citizens were out in the field scouting. "Morgan" D. Tiplon came to Muskogee and arranged for a special train to rush a posse to Checotah. The attack did not materialize however. J. J. Davis, of the Chandler military company, is authority for the statement that the troops are under orders to capture the entire band of Snakes variously estimated at from 300 to 600. Most of these would soon be released, but the authorities regard the wholesale arrest plan as the most effective method of getting the leaders.

Adjutant General Frank Canton expressed himself as well satisfied that the troops have the situation well in hand, but admits that conditions might get worse.

W. M. Duffy, mayor of Checotah, was emphatic in his assertion that the Snake band must be scattered. "Once there was sympathy for Crazy Snake," he said, "because people gave him credit for being at least half square, but they no longer have any confidence in him. His people

Former Secretary of the Treasury, Now New York Gas Company President.

GEORGE BRUCE CORTELYOU.

New York, March 31.—George Bruce Cortelyou, former secretary of the treasury, assumed charge officially as president of the Consolidated Gas company, at No. 4 Irving place. He came on from Washington Sunday night with his private secretary, H. C. Weaver, who has been with Mr. Cor-

telyou for several years in the work of the treasury department. "The door is always open, gentlemen," said Mr. Cortelyou in greeting reporters. Previously he had officially greeted all the principal officials of the gas company, and then settled down comfortably at his desk in a commodious office in the southeast corner of the building.

ELIOT NOW SLATED WHITLAS LEAVE FOR AS MR. REID'S SUCCESSOR WEEK AT THE SEASHORE

Retiring President of Har-
vard to be Ambassador
to Great Britain.

Washington, March 31.—Dr. Charles Eliot, retiring president of Harvard university, will succeed Whitelaw Reid as United States ambassador to Great Britain. This explains Dr. Eliot's recent resignation as head of the famous educational institution. In making this selection President Taft, a graduate of Yale, will honor his college antagonist, Harvard, former President Roosevelt's alma mater.

President Taft, speaking at a dinner tendered to Dr. Eliot by the Harvard alumni in Washington last night, announced by direct inference that Dr. Eliot had been tendered and was considering the appointment of ambassador to Great Britain. Senator Root, of New York, had indicated the selection of Dr. Eliot earlier in the evening, and President Taft made the announcement stronger by declaring he endorsed all that Senator Root had said.

Secretary Root Breaks News.
Dr. Eliot was the first speaker of the evening and was followed by Senator Root, who, after relating several anecdotes on Mr. Taft, paid a forceful and eloquent tribute to the retiring Harvard president. In concluding he said: "Should it so befall Dr. Eliot to be accredited as the American ambassador to one of the great courts of Europe, before whatever monarch he shall stand, there we shall know our great republic in all the good qualities of truth and sincerity of nature, in all the pious ideals and aspirations, is represented by a man, an American gentleman, a scholar and a sage, indeed."

President Taft was last to speak. It was nearly midnight when he arose and he declared he would not give Senator Root another opportunity to joke about his having kept a dinner company until 4 o'clock in the morning. The president devoted himself entirely to a eulogy of Dr. Eliot and the ideals of education and the fostering of the university spirit for which he has stood. He referred to the Harvard president as the head of the educational movement of the last forty years.

In concluding, President Taft caused another great outburst of cheering by declaring that he endorsed all that Senator Root had said in his tribute to Dr. Eliot.

"And especially do I share," said the president, "every word that Senator Root has said as to what may happen to Dr. Eliot in the future."

BLOSSNER ENDS LIFE.

Said to Have Lived in Fort Wayne at
One Time.

Sacramento, Cal., March 31.—Unable to get work, almost out of funds and with three little children and a wife depending upon him, Eli Blossner, formerly of Fort Wayne, Ind., committed suicide by poisoning.

The name can not be found in the Fort Wayne directory, and it is not known who Blossner was.

Mrs. J. H. Tibbles has returned from Peru, where she attended the funeral of her brother-in-law, Colonel Farrar.

W. D. OWEN UNDER ARREST IN SOUTH

Former Indiana Congress-
man Accused in Planta-
tion Swindle.

ONCE FIGURE IN
STATE POLITICS

Capture a Surprise, as He
Was Thought to be in
Europe.

Boston, Mass., March 31.—W. D. Owen, otherwise known as W. W. Fowler, who, according to dispatches received here last night, is being held by the police of Augusta, Ga., for the Boston authorities, is charged with having been implicated in a Mexican plantation development company in which a great many New England stockholders lost their investments. In connection with the promotion of this company, its chief promoter, F. E. Borges, is serving a long term in state prison.

ARREST A SURPRISE.

Former Indiana Politician Was
Thought to Be in Europe.

Indianapolis, March 31.—William D. Owen, whose arrest at Augusta, Ga., is reported today, operated in Mexican banana land schemes in which more than a million dollars was invested in small parcels of stocks taken mostly by persons attracted by glittering false advertisements in newspapers. The most prominent of the companies which Owen headed was the Ubero Plantation Companies of Indiana and Boston. Four years ago these companies crashed. The government issued a fraud order against them, charging Owen and F. E. Borges with heading gigantic swindles. Borges was arrested. Owen was in Europe and it has been supposed here that he had not returned to this country.

Owen and Borges both were Logansport, Ind., men. Owen was a Christian minister. His oratorical ability introduced him to the political arena and in 1885 he was elected to congress from the Tenth district of Indiana. He served in three sessions of congress. Later he was appointed commissioner of immigration. Returning to Indiana he was elected secretary of state, which office he served from 1895 to 1899.

He Exploited a Jungle.

It was while Owen was commissioner of immigration that he fell in with some Mexican promoters, who pictured to him the glowing possibilities of rubber and coffee business in Mexico. He bought about 5,000 acres of jungle near Tehuantepec. The land cost him practically nothing and when later he learned that a railroad was to be built near the tract he exploited a scheme to make a great deal of money out of it. He took a party of prominent Indians down to Mexico to look at prospects of profitable cultivation of tropical fruits, coffee and rubber. A company was organized with Owen as president. There were several branches of this parent company.

The Boston company collapsed in April, 1899. Arthur Steadman, a Frederick C. Hood, president and vice president of the concern, had resigned and gone to Europe. Owen also was out of the country. It became known that Borges had a criminal record and had served sentences at Joliet, Ill., and at Pittsburg.

CARSON GETS HEAVY SENTENCE AND A FINE

Charged With Theft of Overcoat Draws Seven Months.

Roy Carson, charged with stealing an overcoat from B. Harry Lee, who connected with the United States army recruiting station, was fined \$10 and costs in the city court today and given six months in jail. He applied for enlistment and when he was left alone in the office he got the coat and left with it. He was apprehended in the Wabash yards.

Carson is wanted on some other charges by the government. He is said to have made a practice of enlisting and after obtaining several days' board he has skipped out.

Ed Bailey, who threatened to clean up the police force when he was arrested a short time ago by Patrolman Shaughnessy, was given the limit on a charge when it had been shown that he was very abusive. He will serve thirty days or pay \$30.

Milo White, charged with carrying concealed weapons, showed that the gun he is accused of having carried was in his grip and was broken. An hour was given him to get out of town.

Theodore Heintz and Ellis Klester, vagrants, were given an hour.

The case against Edward Hughes, another vagrant, was continued indefinitely.

The woman who was arrested for drunkenness under the name of Marie Miller had her case continued until April 30 and she was allowed to go on her own recognizance.

DRINK DRIVES WIFE INTO DIVORCE COURT

Mary Kaliker Files a Second Suit—The Court News.

Mary Kaliker filed her second divorce suit against John Kaliker in the circuit court today and she charges that his love for strong drink is the cause of his failure to provide for her and their four children. She says that she asked for a decree three years ago because he and his father and mother ordered her out of the house, but that in a few days he promised to keep sober and took the pledge and she withdrew the suit.

They were married in 1897 and their oldest child is eight and the youngest is a baby of eighteen months. He is charged with habitual drunkenness and the wife adds to her other woes that her father-in-law ordered her out of the house. She wants the custody of the children and \$1,000 alimony.

King Turned Down. Adolph King, who wanted to surrender his old liquor license and get a new one, and who was turned down by the county commissioners, was again before the board today and persisted in having a new permit issued to him. He was told flatly that the board had not changed its mind in the matter and he will probably be out of business until Monday, as he is compelled to vacate his present building today.

Chief Moran Quits. Chief Moran, deputy sheriff in the superior court, did not find the place to his liking and he will resume his duties in a few days at the organ factory, having tendered his resignation to Sheriff Reichelderfer. John P. Brennan will succeed him and is already getting instructions.

State Rests in the Hearing. The state finished its direct testimony in the hearing of H. C. and J. M. Moderwell in the circuit court today and the defense introduced W. E. Doud, S. M. Foster and C. A. Wilding, who testified that the Edgerton and Moderwell properties were both worth more with the famous stone fence out of the way than with it standing. Tom Geake testified that the destroyed stone was worth a little over \$5, and the evidence is directed toward showing that even if the defendants were guilty the punishment asked under the affidavit is excessive.

Suit for Damages. Frank Casso, as administrator of estate of Paul Nott, has filed a suit in the superior court against the Pennsylvania company, asking damages in the sum of \$7,500. Nott was an Italian laborer who lost his life while working at the company's shapers at 50c, 75c, \$1.00 and \$1.50, and Guy Colerick are the attorneys.

ple are dangerous to the community. It is necessary that they be cleaned up or else they will eventually depopulate this part of the country of whites.

Another Dangerous One. "Next to Crazy Snake the most dangerous Indian in the Creek nation is 'Abie' Grayson, the half negro who was captured near Pierce. He is the captain of the negro element of the outlaw band.

Grayson was discovered in a hay field by Deputy Sheriff Sam Baker. He had deserted his home and taken his bed to the field.

Rather than approach him Baker set fire to the hay and drove him out. The militia then captured him without a fight.

The negroes are reported as being highly indignant over the capture of some of their race by the militia. This is regarded as adding danger to the situation. Discussing this point, Mayor Barclay Morgan, of Henrietta, said:

"Many of the Snake Indians and negroes affiliated with them are a menace to the country and should be captured. In my opinion the negroes are the more dangerous. During the last few years from 750 to 800 blacks have drifted here from Texas and other southern states. They are worthless and have caused a great deal of trouble.

Mrs. Kemp, wife of M. W. Kemp, of the Pennsylvania lumber yards, who has been very sick for the past ten days, is reported somewhat improved.

The watch lost a few days ago by Miss Daisy Wickliff was returned to her today by Mrs. William A. Jackson, 2607 Force street, the timepiece having been found by her little 6-year-old daughter.

NAMES ARBOR DAYS. Governor Marshall Designates April 30 and October 29.

Indianapolis, Ind., March 31.—Governor Marshall today issued a proclamation, setting aside Friday, April 30, and Friday, October 29 to be observed as Arbor Days by the people of the state. The proclamation is as follows:

"If beauty is its own excuse for being, then beauty combined with utility has a double right to exist. For many years it has been the custom of the people of Indiana to adorn the grounds about public buildings, school houses, colleges and state institutions, and along public highways and streets, and in public parks and on village commons,

SENDS GREETINGS TO ROOSEVELT BY WIRELESS

Americans in Europe Relay Message to Hamburg Far at Sea.

Rome, March 31.—Lloyd C. Griscom, American ambassador to Italy, has sent a message of greeting by wireless telegraph to Theodore Roosevelt on board the steamer Hamburg, due at Gibraltar tomorrow. The message was sent from Italy to the Italian steamer Duca degli Abruzzi, which left Genoa March 24. This vessel is now in the Atlantic and has gotten into wireless communication with the Hamburg. The communication is as follows:

"To Theodore Roosevelt, on Board the Steamer Hamburg, Atlantic Ocean:

"Accept this first greeting from your countrymen in Europe. I deeply regret that the essentially private nature of your journey makes you decline all honors and prompts you to avoid the public enthusiasm which would have had such an admirable effect in emphasizing the good relations between Italy and the United States. I profit by the inventive genius of a great Italian to send you while you are at sea a welcome message from Italy.

"With every good wish from your devoted friend, (Signed) "LLOYD C. GRISCOM."

Mr. Griscom is to leave Rome Saturday for Naples, where he will meet Mr. Roosevelt April 4, on the arrival of the Hamburg.

The Duke and Duchess of Aosta have notified Mr. Griscom that they are ready to receive Mr. Roosevelt at the royal palace of Capodimonte whenever he wishes.

DUKE TO GIVE DINNER.

Naples, March 31.—The local newspapers announce that the Duke of Aosta will give a dinner the night of April 4 in honor of Theodore Roosevelt. The agent of the East African line of steamers has been notified that the Italian government is ready to waive the collection of harbor dues at Messina for the steamer Admiral if Mr. Roosevelt wishes to stop there and visit the earthquake ruins.

FRENCH RAGE OVER PAYNE TARIFF MEASURE

Exporters Demand Government Action to Ward Injury to Trade.

Paris, March 31.—A delegation of French merchants engaged in the export business to the United States, called upon Minister of Commerce Cruppi today and demanded that the government take immediate steps to ward off the injury that the Payne tariff revision bill threatens to inflict on the export trade to France. The delegation declared that a minute examination of this bill has caused a panic among exporters. The duties to be collected upon gloves, feathers and perfumes, three articles produced particularly in France, had been raised, and no special arrangement with regard to wines was possible.

Representatives of exporting houses held a meeting after the conference, at which the question of alleged American discrimination was discussed.

Says Boycott is Threatened. M. Bergeotte, an exporter, declared that a general boycott against French productions was threatened in the United States. Huegues Leroux, the French author, who visited the United States recently, made an address in which he attributed much of the hostility to France in the United States to the influence of Irish and German immigrants and he cited the case of the girl students of a California university who protested against the works of Dumas on the ground of their immorality. He said the misfortune of the situation was that the Washington government was powerless to coerce the individual states of the union.

WIFE OF BISHOP DIES.

Indianapolis, March 31.—After an illness extending over two years, Mrs. John H. Vincent, wife of Bishop Vincent, of the Methodist Episcopal church, and chancellor of chautauqua institution, died today at her home in this city. She was born at Deposit, N. Y., in 1832. Prof. Geo. E. Vincent, dean of the faculty of the University of Chicago, is a son.

SERVED AS SPECIAL POLICEMAN FOR 28 YEARS

John Madden, a Pioneer Resident, Passes Away—Other Deaths.

Following a long illness from diabetes, John Madden, aged 75 years, died at his home at 303 West Jefferson street, at 1:40 o'clock this afternoon. Mr. Madden was one of the old residents of this county and for five years prior to being confined to his home by his last sickness, acted as janitor at the court house.

When but eleven years of age Mr. Madden, with his parents, settled in St. Joseph township, and after attending manhood moved to this city and for nineteen years was engaged on the old Erie canal. Then he moved back to a farm in St. Joseph township, but became displeased with the farm work and returning to this city was a member of the police force for a period of two years during the early '70s. Mr. Madden then established himself as a special merchant policeman and nightly watched over many of the Fort Wayne business houses for twenty-eight years.

Surviving him are his wife and five sons, Jacob, J. F., Martin, Clifford and Harry A., and one daughter, Mrs. Rachael Vauris. All the children live in this city. Mrs. Isaac Strader, of this city; Mrs. Lavina Parker, of Hicksville, Ohio, and Mrs. Katherine Ann Parker, of St. Joseph township, are sisters of the deceased. There are eighteen grandchildren and two great grandchildren.

JENNINGS.

Following a sickness of six weeks John Jennings, colored, died at the county infirmary Tuesday afternoon at 4 o'clock. He was 34 years of age. The remains were taken to the Klehn & Melching undertaking establishment and an unsuccessful effort to locate relatives in this city was made. Accordingly the township trustees took charge of the remains.

RAP AT ROOSEVELT.

General Miles Frank in Expressing His Opinion. Fitchburg, Mass., March 31.—An interviewer here today asked General Nelson A. Miles, who is visiting a relative, for his opinion about hunting in Africa. General Miles said:

"I never could quite see why a man wants to shoot elephants, zebras, antelopes and other animals wilfully. Elephants are so useful to us, you know, for they are put to work at so many things. Why, shooting at an elephant is just like pouring shot into the side of a farm barn. It is really too bad to kill them."

Attracts Much Attention. While there is little probability of the adoption by congress of Senator Money's joint resolution directing the supreme court of the United States to investigate the validity of the method of amending the fourteenth amendment to the constitution, the measure is attracting considerable attention and it is understood that Mr. Money will make it the subject of a speech in the senate.

The resolution is intended to counteract in public opinion, the bills which from time to time are introduced for the purpose of limiting the congressional representation from the south because of the curtailment thereof of the franchise privileges of the negroes. It is claimed that congress has the right to make such curtailment under the provision in question and Mr. Money's proposition is intended to show that the amendment itself came into existence by unconstitutional methods.

In his preamble he asserts that the journals of the senate and the house of the Thirty-ninth and Fortieth congresses show there was neither a two-thirds vote of the two houses for adoption nor a three-fourths of the states in ratification of the congressional action as required by the constitution. This defect, if such it proves to be, was of course, due to the fact that the southern states, were not, on account of the rebellion, at that time acting as a part of the union, and if the question should go to the court its adjudication would involve the determination of the point whether the absence of the representatives of some of the states from congress on account of the secession of the state had the effect of abrogating the requirement of the constitution, and the same point would arise in determining the question of ratification.

more her export duty on the product. Mann Has Exhibits. Standing behind a table loaded down with all sorts of exhibits showing the various stages of making wood pulp and paper, Mr. Mann, of Illinois, discussed the recommendation of the pulp and paper committee, of which he was chairman, for a reduction of the duty on wood pulp and paper, and which recommendation the ways and means committee adopted.

Well, What is Whisky? President Taft was the storm center today of a debate on the subject of "What is Whisky?" The discussion before the chief executive, which was preliminary to an extended hearing to be granted by him next week, hinged on the technical question of at what point in the process of higher rectification old fashioned straight becomes "imitation whisky" under the rules of the pure food law as laid down by the department of agriculture in accordance with a decision of former Attorney General Bonaparte.

Present at the conference of distillers and government officials at the white house were Attorney General Wickersham, Secretary of Agriculture Wilson, Dr. Wiley, Dr. Dunlap and Solicitor McCabe, of the agricultural department; Joseph H. Choate, of New York, representing Canadian whisky interests; Warwick Huff, of St. Louis; Louis Gerstley, of Philadelphia; Herman Cellarius, of Cincinnati; John I. Beggs, of Terre Haute, Ind.; E. D. Hull, of Peoria, Ill., and E. W. Taylor, of Kansas City.

Attracts Much Attention. Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold."—Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

ALL THE TEACHERS ANXIOUS TO GET 1910 MEETING

City and County Instructors Off to Convention With Determined Purpose.

Every one of the three hundred or so Allen county and city school teachers going to Indianapolis Thursday morning to attend the state teachers' convention will use all their efforts and influence to bring the 1910 meeting to Fort Wayne. The plan was broached a month or so ago and since that time the instructors have become immensely interested in it. The chief desire to have Fort Wayne the meeting place then is due to the fact that it has been ten years since the Northern Indiana association has gathered here and in that time big changes have taken place in the city.

The special train tomorrow for both the county and the city teachers leaves the Lake Erie station at 9 o'clock and it is expected that fully five coaches will be necessary to convey them. The trip will be made in about two hours and a half, giving the Fort Wayne visitors in Indianapolis a full afternoon to visit the schools or attend to any thing else they may wish. On returning the special train leaves Saturday afternoon, but a number of those leaving tomorrow will spend Saturday afternoon and Sunday in other places in the state.

No word has been received here of any other city desirous of securing the 1910 meeting and it is believed that the association as a whole will realize that it is just about Fort Wayne's turn.

News and Gossip

Mrs. Anna Sharp, of Andrews, died Tuesday.

George Reese, well known Angola man, is dead.

Mrs. Elmore Combs-Edwards is dead at South Whitley.

The public school building at Berne will be remodeled.

Kendallville's artificial ice plant will be in operation May 1.

Wells county, now "dry" by remonstrance, will not try the county local option election.

John Schaffer, a veteran of the civil war, is dead at his home near Plato, Lagrange county.

Mrs. Eva Biddle, 79 years of age, died Tuesday at the home of her son near Lagrange.

Kendallville grocers protest against the shipment of tons of groceries into the city by outside concerns.

Elkhart county commissioners may buy voting machines for that county. The estimated cost is \$22,500.

Decatur has been notified that it must number its houses if free city delivery of mail is to be continued.

The Northern Indiana Dental association has fixed September 7 and 8 as the dates for its meeting at Goshen.

Jeff Bryson, for nineteen years agent of the G. R. & I. railroad at Decatur, has been promoted to the agency of the road at Portland.

Mrs. Rose Wiley, who died a few days ago in Garrett at the age of 70, is said to have been the first white girl born in Goshen.

It is announced that Senator John W. Orndorff, of Churubusco, has been appointed an oil inspector to succeed Otto Welsheimer, of that place.

Miss Ada Herr, for many years a resident of Goshen, died suddenly from apoplexy Tuesday. She was prominent in musical and church circles.

In the circuit court at Auburn on Tuesday Mrs. Grace Edyevean, of Butler, was given a divorce from Wm. Edyevean, who was formerly a minister of the gospel at Butler.

Residents of Toccoa, Wells county, have organized a cemetery association, purchased three acres of ground and are plotting it for a cemetery, to be known as Prairie View.

William Rose, confessed firebug, 72 years old, is spending his last days in jail, consoling himself with his most treasured companion—an old violin, which he values highly.

It is announced that the requisite \$25,000 has been subscribed for the Methodist Old People's home at Warren, and that this makes the Chopson donation of \$26,000 also available.

Eighty per cent. of the persons between the ages of 6 and 21 living in Warsaw are enrolled in the various public schools of the city. It is believed that this is the record city in the state.

Roy D. Kechn, of Chicago, a well known Noble county boy, has been retained by William Randolph Hearst as leading counsel for his Chicago papers, the American and Examiner.

The retainer fee is a handsome one. It is now believed that Alonzo Uptegraph, who was shot by the marshal of Bryant while attempting to evade arrest, will survive his wound, which at first was believed certain to prove fatal. Uptegraph is in a hospital at Portland.

Mrs. John Mather, 70 years of age, was found dead Tuesday in the barnyard of her home near Wolcottville. She had been in her usual health, and it is believed her death was due to the fact that the aged woman was knocked down by a horse which was running loose in the yard.

Search will be made in South Bend for the \$200,000 necklace stolen from Miss Jennie Crocker formerly of that city, in a San Francisco hotel a few months ago. A description of the necklace was received by the police, and while it is not thought probable the thief is in South Bend, yet detectives will keep on the lookout for it.

A reward of \$5,000 is offered for the capture of the thief or information that will lead to his arrest.

John Wessel will be a candidate for councilman from the Seventh ward.

The new grand stand at the base ball park will have 200 cone seat chairs.

D. M. Allen will be a candidate for county surveyor. He is serving his first term now.

Saturday evening the West End Whist club was entertained very pleasantly by Miss Maggie Colerick.

Christ Bosker began work on the Masonic Temple opera house this morning and expects to have it finished by October 1.

Nearly 2,000 people visited the county jail Sunday and were permitted by Sheriff Schiefer to look at Butler and Boyle, the murderers.

Professor W. S. Walker, assisted by Rev. Miller, of Monroeville, will open a normal school in that place in July, and continue in session six weeks.

Hon. E. L. Chittenden states that he is not a candidate for councilman in the Third ward, but will ask the people of the county to return him to the legislature a second time.

Our talented vocalist, Ed Yarnelle, will assist the Presbyterian choir at Wabash in a concert to be given there in April for the purpose of raising funds to aid in the purchase of a pipe organ.

The success of the Masonic Temple project is in a measure due to J. F. Wing & Co., architects, who prepared excellent plans for the construction of the house under \$30,000. No other architects have done this.

Charles A. Prince, the oarsman of this city, has been elected captain of the Farragut Boat club, of Defiance.

Captain Prince will row F. C. Meyers, of Canton, Ohio, on the Defiance course May 22, two miles for the championship medals of Ohio and Indiana, which Mr. Prince now holds.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine closet among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

REDEEMING A PROMISE.

The tariff revision plank of the last republican platform was a supposed harkening of the party in power to the cry of the people for relief from unnecessary burdens. The party's promise of relief has been embodied in a tariff bill. So far as that measure stands today it not only fails to hold out any prospect of relief, but it actually proposes to add to the burdens of which the people complain. In some cases the schedules have been increased on articles of common necessity in such degree as to add vastly to the price the consumer must pay for them. This is notably true of hosiery and gloves. Under the Dingley schedules the importations of hosiery and gloves have been so small as to yield an almost infinitesimal revenue, and under the higher rates fixed by the Payne bill importations are likely to cease altogether. So there cannot be there even the pre-text of a necessity to get money for the government. Along other lines the same is true. More protection for already excessively protected interests, more burdens for the consumer already overburdened.

Nor does it appear that the protest going up from every part of the country will have any effect to influence any appreciable modification of the schedules as framed. The few men who rule congress know what they want this revised tariff to be like and in their unchallenged power they will put it through. There may be here and there, before the bill is finally passed, a semblance of concession to the indignant outcry, but the essential features of the bill will remain and the principle of taxing the people to put money in the pockets of the nurtured interests will keep its integrity. And no doubt rides high the hope of the standpatter that the people at last will learn to "let well enough alone." Meanwhile, making the best of their burden, the people, a year and a half hence, will have opportunity to say what they think of it and give sign of the store they set by a tariff promise underwritten by the standpat masters of the republican party in congress.

It is sought to be pointed out by New York charity workers that the added tax on stockings will increase the burdens of the destitute and multiply the difficulties of poor-relief. Stuff and nonsense! But what can you expect from an intelligence that is stunted and wasted in an atmosphere of eternal night? Those crude-minded New York charity leaders have yet to learn that while of the three graces charity is the greatest, the greatest of all charities is the protective tariff. What, pray you, is a sockless destitution to the poor barons of a pulling infant industry un-

The people have already demonstrated that they would rather trust a man who is naturally honest, than one who was honest only because he had to be.

Meyer Bros. Co. have a firmly established reputation for square dealing and sterling honesty. When they told the people that Rexall Remedies are the purest and most dependable remedies that it is possible for modern science to produce, and that they would tell the public exactly what each one of these 300 remedies contained, and that they sold Rexall Remedies on their own personal guarantee that they would give entire satisfaction or the medicine would not cost the user a single cent, they were believed.

Ever since this announcement the stores of Meyer Bros. Co. have been crowded by people buying Rexall Remedies; all of which proves that Meyer Bros. Co. have the confidence of the people and that honesty is the best policy.

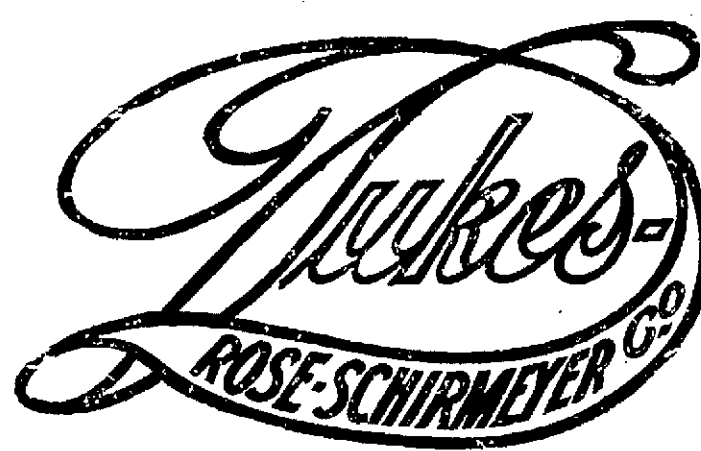

There is no "cure-all" among the Rexall Remedies—there are 300 different and separate medicines; one for each human ill, and each unquestionably the best of its kind. Rexall Dyspepsia Tablets are particularly recommended for the positive cure of stomach irritation, indigestion and dyspepsia. They are rich in Bismuth, Subnitrate Pepsin and Carminatives, and are prepared by a special process which perfects and enhances the great curative value of these well-known medicinal agents. This remedy sells for 25c a package. Everyone suffering from a stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

The Meyer Bros. Co. are certainly fortunate in securing control of the sale of these remedies, and we urge everyone in need of medicine to investigate and take advantage of their frank and generous offer.

Clothing Better Than Tailor Made

There is just one trouble we can find with the pictures we have to use in illustrating our new Spring Clothing. None of them do justice to the actual garments we show.

Sincerity is a broad, strong term. Sincerity was a part of Kuh, Nathan and Fischer's clothing before they dared call their clothes

New Romance Links Stage and the Navy

New York, March 31.—Another romance linking the navy and stage will culminate in the marriage of Miss Ellie Fay and Ensign Lesley Barratt.

Anderson, of the battleship Missouri. This news will come as somewhat of a surprise, as the engagement of the actress and young officer was not known to any but their most intimate friends. The first hint of it came when Miss Fay and Ensign Anderson went to the city hall and obtained a marriage license.

Ensign Anderson has just returned with the fleet from a round the world cruise. He was appointed to Annapolis from Pennsylvania in 1902, his home being at No. 726 North Forty-eighth street, Philadelphia. He is very popular in the navy.

Miss Fay is well known on the stage both here and abroad.

The party left Columbus, O., the home of the university, on Monday morning and before arriving here will have visited in Gary, Chicago and Milwaukee. The trip to this city will be made on three special sleepers from Gary and will leave here at 2 o'clock Saturday afternoon with through coaches to Columbus via Ridgeville. From Fort Wayne members of the party will be permitted to return to Columbus or go to their homes for the rest of the spring vacation. Profs. Magruder, Caldwell and Upson are in charge of the students and their headquarters while in Fort Wayne will be at the Anthony hotel.

Such trips as these form a regular and very strenuous part of the university work of these men. During the trip the entire party is on the move from 8 in the morning until 9 or 10 o'clock in the evening, only stopping long enough for meals. Notes of

the trip and a written report are required from each student.

A similar trip is taken in alternate years to Pittsburg, Buffalo, Niagara Falls and Cleveland. Both of these are required and the two together cover pretty well the greatest industrial centers of the middle and north central states. They are regarded as a very valuable part of the college course, as they tend to train the young engineer's powers of observation and add greatly to his engineering culture.

ELECTRIC TALKS

No. 69

Another Case to Warn Us

Accounting that does not show and figures that do not represent all the essential facts in electric lighting are not confined to Wisconsin, Indiana or any other single section of the country.

To quote a recent issue of the Electrical Review:

"One of the latest stations under municipal ownership to illustrate the IMPORTANCE OF DEPRECIATION is the plant at Wakefield, Mass., which is in need of some \$50,000 if it is to be brought up to date as a producing installation."

"In accordance with the laws of Massachusetts requiring a DEPRECIATION ALLOWANCE to be set aside ANNUALLY in municipal plants, the Wakefield plant has made such a provision for the last three or four years."

"Such an allowance, however, has NOT BEEN ADEQUATE to overcome the DETERIORATION of the plant, which has been going on for many years without suitable provision to offset it."

"At the last town meeting a special committee appointed to investigate the lighting conditions in the town reported AGAINST any further MUNICIPAL OPERATION of the generating station after power can be secured from the Malden Electric Company."

"It is figured that the cost of central station power to the town will be only 3 1/4 cents per kilowatt hour, against its own cost last year of 4.6 cents, and only a TRIFLING INVESTMENT will be necessary on the part of the town."

"Until municipal plants learn to provide for SOMETHING MORE THAN MERE OPERATING EXPENSES from the earliest days of service, their costs are bound to throw them more and more into the hands of the central stations, who are generally FAR BETTER EQUIPPED to render SATISFACTORY SERVICE for the same expenditure."

"The private company, progressively operated, has enough BUSINESS SAGACITY TO FORESEE the inevitable wear and tear upon the plant, and PROVIDES for it by setting aside from each year's income enough money to keep the apparatus up to date."

"The average city experimenting with municipal ownership is anxious to get ALL IT CAN OUT of its plant; the citizens expect lower cost of service than private corporations charge, and the force of public opinion is in the direction of RATHER FREE ACCOUNTING, except in those states where close control by commission is the order of the day."

"It takes ALL the plant's income to meet these demands."

"It is easy for the municipality to allow the plant to GO TO PIECES when the income is INADEQUATE to permit suitable RENEWALS."

"The cost of apparatus, also, is as a rule higher in the municipal plant than in the private central station of similar capacity."

The Boston Herald has said, in commenting upon the Wakefield case: "The characteristic failure to apply to the administration of PUBLIC enterprises the PRINCIPLES which are ESSENTIAL TO PRIVATE BUSINESS circumscribes the field of practicable and profitable public ownership and operation in this country."

The Boston Transcript of March 15 says: "Whether municipal electric lighting is a failure in Wakefield is the question agitating the town. A committee which has been investigating, states that it will be cheaper for the town to purchase its electricity than to make it."

Wakefield's municipal plant does both commercial and street lighting and is nearly 15 years old. With 70 per cent more lamps in proportion to population than Fort Wayne, the street department was charged \$70 per lamp and THE PLANT LOST MONEY!

IN THE CITY'S CHURCHES

TWO CHURCH CLASSES IN A BIBLICAL CONTEST

Held a Meeting at Third Church of Christ—The Church News.

A large and attentive audience made up of many of the leading Sunday school workers of the different churches of the city met Tuesday evening at the West Creighton avenue Church of Christ to hear the contest between the Training-for-Service class of the West Creighton avenue church and the class of the East Creighton avenue or Third Church of Christ. The contest was upon the first eleven lessons in "Training for Service," a book on outline bible study. Nineteen members of each class participated.

In beginning the contest nineteen questions were asked by Rev. H. E. Stafford, leader of the Third church class, without either side missing a question. Prof. McCormick, teacher of the West Creighton avenue church class, then quizzed the classes, asking the questions backward and the contest ended in a tie with 57 points and but two points having been lost. In a month a return match between the classes will be held at the Third Church of Christ.

Rev. Wm. P. Shambart, pastor of the West Creighton avenue church, who has accepted the pastorate of the Rockwood Christian church at Rockwood, Tenn., and will leave here in May, has resigned his office as president of the County and City Sunday School association. He has been a most efficient worker in the cause and will leave many friends in this city.

LENTEN SERVICES.

Topics of Sermons to Be Delivered in Catholic Churches.

The fifth of a series of apologetic sermons will be delivered by Rev. George Moorman at the Lenten devotions at the Cathedral this evening when he will preach on "Irreligion." Rev. James Durnham will deliver the sermon at the service at St. Patrick's taking for his topic, "How to Save Our Souls." At St. Peter's church Rev. Michael Aichinger will preach on "Penitence," basing his sermon on the text from Jer. 2:19: "Arise, pour out your heart like water and be converted." Rev. Gustave Hottenroth at St. Mary's is preaching a series of sermons on "The Principal Evils of the Day." The sixth of the series will be given this evening when he will speak on "Unkindness Towards Our Neighbor." At St. Paul's church Rev. H. F. Joseph Kroll is preaching a series of sermons on "St. Paul." This evening at the Lenten devotions at the Precious Blood church a sermon applicable to the holy season will be delivered by the pastor, Rev. C. Hammer, C.F.S.

MEMORIAL SERVICE.

United Commercial Travelers to Attend Third Presbyterian Church.

Under the auspices of the United Commercial Travelers a memorial service will be held on Sunday evening at the Third Presbyterian church. It is expected that over sixty of the traveling fraternity will attend in a body. A special sermon for the occasion will be delivered by the pastor, Rev. Dr. Frank M. Fox.

CANL DATES WERE CHOSEN.

Officials of St. John's Lutheran Church to Be Elected April 18.

The regular quarterly meeting of the congregation of St. John's Evan-

gelical Lutheran church will be held at 2 o'clock Sunday afternoon, April 18. At that time two elders, one deacon and one church trustee will be elected. As is customary three candidates for each office are nominated two or three weeks before the election. The following were nominated at a recent meeting: For elders—George Motz, August Reithmiller, Adam Keltch, Ferdinand Kaade, Christian Klenze and Fred Trautman. For deacon—William Schmidt, William Neeb and Charles Feistkorn. For trustee—J. H. Stelhorn, George Welker, sr. and George Beierlein.

FORTY HOURS AT KENDALLVILLE

Local Catholic Clergymen Participate in Closing of Devotion.

Rev. H. F. Joseph Kroll, pastor of St. Paul's Catholic church, and Rev. Michael Aichinger, of St. Peter's church, were in Kendallville Tuesday evening where they assisted at the solemn closing of the devotion of the forty hours. The pastor, Rev. John Keller, was assisted by a number of the neighboring clergy. Rev. August Young, of Garrett, was celebrant of the service; Rev. H. F. Joseph Kroll, of Fort Wayne, was deacon; Rev. Max Benzinger, of Hesse Cassel, sub-deacon; Rev. Michael P. Lomen, of Besencon, master of ceremonies. The sermon was delivered by Rev. John B. Kuebel, of Edgerton, O. Others of the clergy present were Rev. John H. Bathe, of Avilla, and Rev. John B. Steger, of Garrett. Rev. John Schmitt, of Auburn, and Rev. Lawrence Eberle, of Goshen, assisted during the early part of the devotion which opened Sunday morning.

EVANGELISTIC MEETINGS OPEN.

Eloquent Sermon by Rev. J. H. Bomberger at Reformed Church.

Rev. Dr. J. H. Bomberger, of Cleveland, was greeted by an appreciative congregation at the opening of the revival at Grace Reformed church Tuesday evening. His sermon was based on the question from Genesis 27:8, "How Old Art Thou?" Primarily he expressed his appreciation of again addressing the congregation at Grace church, inasmuch as he had conducted the evangelistic meetings there a year ago. In the development of his sermon he laid particular emphasis upon the question "How many more years have you in this life?" dwelling upon the certainty of death at a time fixed by Almighty God; on the uncertainty, yet the great responsibilities of life and urged his auditors to serve the Lord to the very best of their ability and to at all times be a power for good. It was an eloquent sermon and was presented in a highly instructive and comprehensive manner. A special service for boys and girls will be held on Friday evening, adults, however, are also urged to attend.

Honored An Old Settler.

At the home of Mr. and Mrs. E. M. Dinius, 2121 Fox avenue, occurred a surprise party which was given in honor of Mrs. Dinius's father, Henry Mygrant, who is about to return to his own home, near Huntington after six months' visit with his daughter. The surprise was given by about twenty-five friends of Mr. Mygrant and it was hard to decide who enjoyed the occasion the more, Mr. Mygrant or his callers. During the social time that was spent, refreshments were served the company by Mrs. Dinius. Mr. Mygrant is an old settler who came to Indiana from Ohio in 1851. From New Philadelphia, Mo., Mr. Mygrant walked to Maumee City, where he boarded a packet boat for Fort Wayne. Mr. Mygrant taught school for many years in Tuscarawas county, O., and in Wells, Allen and Huntington counties this state. He served as justice of the peace for four years and as township trustee for two terms. He has many friends in this part of the state.

A Country Party.

A pleasant surprise of Saturday, March 27, was the one given Henry Hampel, who lives at the corner of Wayne Trace and Agness avenue, in honor of his birth anniversary. Lawrence—Legras.

A very pretty wedding which was celebrated quietly at the home of Mr. August Legras, of Spy Run avenue, took place on Thursday, March 25, when Miss Josephine F. Legras and Mr. George W. Lawrence were united in marriage by Justice Howard Hawthorn. After congratulations had been extended to the bridal couple the wedding dinner was served. The diningroom was beautifully decorated with white roses and pink carnations and the repeat was an elegant one. In front of the bride and groom stood the bride's cake trimmed with smilax and a wreath of white carnations surrounding it. The bride wore a blue handsome cloth suit with waist of white net. Both bride and groom are members of old and well known families of the county. The bridegroom is a grandson of the late Hon. George B. Lawrence, at one time representative from Allen county. Mr.

A Shepherd Check Suit Gown in Mediaeval Effect

PHOTO BY JOE TIEDER.

Shepherd checks return verentially with springtime, for there is something about the neat as a pin little black and white checks that makes them especially fresh. One of the smartest of these new models is shown above. The coat has the loose, straight lines now considered desirable and the skirt is also straight and scant. Both skirt and coat are trimmed with black, satin bands being used to outline the coat, the skirt having big jet buttons—a chic Parisian touch.

WEALTHY MAN'S SON ON TRIAL FOR MURDER

Joseph E. Gardiner, Kentucky Man, Accused of Killing Negro.

San Francisco, March 31.—Joseph E. Gardiner, son of a wealthy planter of Taylorsville, Ky., and a nephew of Judge Edward C. O'Rear, chief justice of the Kentucky court of appeals, faced a jury here in the United States circuit court of appeals on a murder charge. He is accused of killing Joseph Cordoza, a colored boat steerer on the whaler Bowhead, on which young Gardiner shipped before the mast, sailing from this port in 1908.

Vanity

(Home Chat.)

The rose colored spectacles through which we see ourselves.

"Foolish pride in something which the owner can claim no credit for possessing."

"There is one form of vanity which is the curse of womankind—that everlasting trying to outdo each other in dress, in social position, in entertaining, and so on."

"Empty pride springing from an overweening conceit of one's personal attainments."

"If by vanity," remarks one reader, we mean making the best of ourselves by looking fresh and trim and neat, so that it gives others pleasure to look at us, surely there is no harm in that! But when we neglect our duties in order to spend unnecessary time before the looking glass, then vanity does become a vice."

A Hint About Pressing.

Amateur dressmakers will find better results if, when pressing seams, tucks, pleats, etc., a newspaper folded several times is placed between the iron and the article to be pressed.

The paper lays flatter and firmer than a cloth, which, as every one knows, is apt to wrinkle at times, and again the iron seems to slip more evenly, which, of course, improves the pressing.

The number of thicknesses will, of course, depend upon the heat of the iron and the nature of the fabric to be pressed.

The tabbard or dalmatienne which hung over priestly vestments in mediaeval times has been borrowed to decorate the new frocks in the style of the Middle Ages. This handsome dinner dress is of white satin charmeuse and the bodice and hanging tabbard are of net, richly embroidered and braided, also of white. The heavy tassels which hang from the bodice add to the dignity and individuality of this gown.

SUMMER PORCH CUSHIONS.

Extremely handsome looking cushions for porch and summer use can be made from monk's cloth, as it is called. It is a fabric that is between common burial and the more expensive craftsman's canvas. It is not so harsh in texture as the latter, and a little more closely woven than the former.

Looking Over

It comes in staple colorings and the usual decoration is a design cut from cretonne that is sewed to the cloth with a couching stitch. A black cord makes a most effective outline. The cloth is fifty inches wide.

CHILD'S DREADFUL SKIN TROUBLES

Had Sixty Boils when but Six Months Old—Was Annually Attacked by a Humor—It Looked Red Like a Scald and Spread Over Half Her Head—Both Troubles are Cured

NO PRAISE TOO HIGH FOR THE CUTICURA REMEDIES

"When my little Vivian was about six months old, her papa had a boil on his forehead. At that time the child was covered with prickly heat and I suppose in scratching it, her own head became infected for it broke out in boils, one after another. She had about sixty in all and I used Cuticura Soap and Cuticura Ointment which cured her of them entirely. Then, sometime later, her little foot got sore between the toes. Being afraid it was salt rheum, I spoke to our doctor. He gave me a powder which dried it up, but soon after it broke out behind her ears. They cracked half way around and the humor spread up on to her head until, on several occasions, it was nearly half covered. The humor looked like a scald, very red with a sticky, clear fluid coming from it. This occurred every year. I think it was toward the spring. I always bathed it with warm water and Cuticura Soap and applied Cuticura Ointment which never failed to heal it up. The last time it broke out was when she was six years old. It became so bad that I was discouraged. Then I procured a bottle of Cuticura Resolvent, which soon cleared it out of her blood. I continued the use of Cuticura Soap and Ointment with the Resolvent until she was perfectly well. She is now about eight years old and has never been troubled in the last two years. We also find Cuticura Resolvent a good spring medicine and we are just giving the children Cuticura Resolvent Pills as a tonic. We do not think any one can praise Cuticura Remedies too highly. Mrs. M. A. Schwerin, 674 Spring Wells Ave., Detroit, Mich., Feb. 24, 1908."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c) to Cleanse the Skin, Cuticura Ointment (50c) to Soothe the Skin and Cuticura Resolvent (50c), for in the form of Chocolate Cocoa Pills (25c per box of 50) to Purify the Blood. SWEDISH ROLLS.

Dissolve one cake compressed yeast in a half cup warm water. Mix with a pint of milk that has been scalded and cooled, add a level teaspoonful salt and sugar to make a drop batter. Rub half cup butter with a quarter cup sugar until creamy, then add the beaten whites of two eggs. When well blended, stir into the risen batter, with enough more flour to make a stiff dough. Knead until smooth and light and set in a warm place until doubled in bulk. Turn out on a well floured board, knead slightly and roll into a rectangular piece, about one-third of an inch thick. Spread with a layer of soft butter and sprinkle with a mixture of sugar, grated lemon peel, cinnamon and currants. Roll up like a jelly roll, cut off in slices an inch wide and lay the cut side down on well greased pans. Let them rise well until light, then bake about fifteen minutes in a hot oven. The place with a little sugar dissolved in milk and dry a moment in the oven.

PRACTICE SQUAD IS PUT THROUGH A WORKOUT

Van Anda Only Addition to the Crowd—Men Working Hard.

Manager Jack Hendricks had his practice squad out on the dot this morning and put the men through a bit of batting and hitting practice and at the same time got some sort of a line on the fielding ability of his new pitchers. Ed Ryan was the first up and after he had served a few and chased some bunts he was sent to the stable to go under a course of treatment at the hands of Chief Masseur Sam Murlberger.

Groundkeeper Jim Donovan has been unable to get the infield in shape for a regular workout with the players divided into teams, as he is counting on a game Sunday and does not want the men to do anything that will interfere with the possibility of making Milwaukee on for the occasion. Manager McCloskey has consented to allow Cliff Curtis to pitch at least part of the game and if he is right he will let him go the whole route.

Glover Gilmore is showing well in his fielding and he has a good arm but Manager Hendricks has given him instructions that he must not cut loose under any circumstances. He will be given a chance to show what he can do at bat and if he has anything he is a likely looking candidate for one of the vacancies. Frank Romine is also showing up in good form and the conviction is growing that he can be put at one of the outposts in event he chooses to give up pitching.

Pfeffer has been dubbed "Jed" for an other reason than that his big brother with the Boston is known by that appellation and if he sticks he will have to carry the nickname through the Central league. He gives promise of making good. Harry Hammond is down to 166 pounds and is strong at the weight. He is asking for permission to pitch the first game although it is more probable that Hendricks will want to see some of his new men in action.

Edward S. Van Anda was the only addition to the squad when it reported at the club house this morning. He is a little sore at the way the newspapers have been handling him and says that it was all right to have a bit of fun with him when he was single but that his wife and family don't like a lot of the things that have been said about him and this hurts him. Van Anda is taking good care of himself and he is a good pitcher and he don't want to get in bad before the season opens. He is in base ball for his living now and says that he can make the staff if he gets a good showing.

Harry Downing's trunk went astray and he had no uniform to work in yesterday. This morning he showed up in red stockings, white trousers and a blue sweater and although he holds forth during the off season in Canada he knows just what colors please down here in the States and he had 'em all on this morning when he got down to work. Jack Taylor is back on the job as chief assistant to the groundkeeper and he has been busy for a couple of days fixing up the new four lines which have always been until this season a few feet out of kilter.

A foot race was one of the things proposed for the afternoon to see who will make the circuit of the bases in the shortest time. The manager picked himself as referee so that he would not have to go into the spirit with the players. Nobody has been allowed to cut loose and Hendricks does not know who will be kept but it is likely that after the exhibition game Sunday some of the recruits will get the third degree.

Big Crowd Grets Jack Johnson In New York

JACK JOHNSON

CROWD FOLLOWING JACK JOHNSON ON 42ND ST. AND FIFTH AVE.

New York, March 31.—In real "counting house" fashion "Jack" Johnson, the burly negro prize fighter, reached this city today. As he stepped off the "Twentieth Century Limited" at the Grand Central depot a cheer went up from a crowd of about seven thousand. Most of this number were negroes, who had a great array of automobiles and sightseeing wagons.

The huge negro gladiator was carried before this crowd and placed in a waiting automobile outside the depot. He was then driven through the streets with a band playing "Hail to the Chief," and other stirring things. Johnson was taken from the depot to Broadway and then, with the crowds cheering, down to Twenty-seventh street, across to Seventh avenue and thence to Barron Wilkins' place, at No. 253 West Thirty-fifth street, where he will make his home while in this city.

"I'm in good physical condition," said Johnson, "and I want to fight Jeffries. Today I will post \$5,000 for a fight with Jeff and give him a few days to cover my money. If he doesn't come up to the mark I'll fight the first good man to come up and cover the money."

New York, March 31.—In real "counting house" fashion "Jack" Johnson, the burly negro prize fighter, reached this city today. As he stepped off the "Twentieth Century Limited" at the Grand Central depot a cheer went up from a crowd of about seven thousand. Most of this number were negroes, who had a great array of automobiles and sightseeing wagons.

The huge negro gladiator was carried before this crowd and placed in a waiting automobile outside the depot. He was then driven through the streets with a band playing "Hail to the Chief," and other stirring things. Johnson was taken from the depot to Broadway and then, with the crowds cheering, down to Twenty-seventh street, across to Seventh avenue and thence to Barron Wilkins' place, at No. 253 West Thirty-fifth street, where he will make his home while in this city.

MAY OPEN AT CHICAGO.

Fight Game Lid Is Showing Signs of Raising.

Chicago, March 31.—There is a crackling of the fight lid. There has been something like it in the times past, but now it is called the "game" is genuine. Promoters, some of the old timers and a few newcomers, were busy "promoting" yesterday, and the mayor, it was said, was busy listening and all together it made charming music for the fanatical boxers.

A meeting was held yesterday in a room on Madison street where the situation was discussed, and the smokers brought word that if the game would be clean and kept clean Mayor Ross would be willing to stand for the sport for a while at least. The enthusiasm which followed was fervid, and while the rest weren't looking one of the promoters proceeded to march "Volcano" Johnny Thompson with Bartley Nelson. This did not progress very far, and Jackey McFarland was accompanied with the east. Notable was heard from the scrappy little south sinner, but Harry Gilmore, Sr., allowed that he was willing to meet anyone and that he was sure that the lightweight would be delighted to meet Thompson, but as for the lid being raised he couldn't say or wouldn't.

STILL HOLDS JOB FOR JONES.

Comiskey Tells Canadians Fielder Promised to Consider Returning.

Winthrop, Minn., March 31.—President Comiskey of the Chicago White Sox, spent some time here yesterday and left his night for St. Paul. In discussing the management of the White Sox, he said:

"Jones has put all his money in timber lands and told me he had fully decided to quit base ball and settle down to business. When I told him it was not fair for him to throw me down this season, but that he should play at least another year, he said he had looked at it in that light. I told him he had better come back and he promised to consider the matter."

"There was no mention of salary between us, as I have always let him name his price and the stories going around to the effect that he had asked \$15,000 or \$20,000 are absurd, as there was no mention of salary between us."

"However, if Jones should not return, I have decided upon a player to manage the team and there will be no voting on the matter as has been suggested."

LITTLE LORD ROBERT AND CORRETTA

LITTLE LORD ROBERT AND CORRETTA

New York, March 31.—"Little Lord Robert," in real life Robert Kantor, a midwest with Ringling Brothers' circus, is so seriously ill at Mount Sinai hospital as a result of an operation for appendicitis that the most encouraging word the surgeons would give was that he had a fighting chance. Corretta, his midwest companion for the last two years, declares she did not know how much she loved Robert until he became ill and it is with great difficulty the management has prevailed on her to continue her appearances. It was not a large vermiform appendix that was removed from Robert, who is twenty-one years old for he is only twenty inches tall and weighs but sixteen pounds. He is a sturdy little chap, however, and this is said by the surgeons to be very favorable to his recovery.

"Corretta" in real life is Miss Ruby Rickoff, of Clinton, Iowa.

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh

OLD PEOPLE!

Need Vinol because it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. It fortifies the system against colds, and thus prevents pneumonia.

This is because Vinol contains Iron and all of the medicinal body-building elements of Cod Liver Oil, taken from fresh cods' livers—but no oil. Vinol is not a patent medicine. Everything it contains is named on bottle.

POOR BLOOD

Elderly people feel the cold keenly, because their blood is thin, sluggish and watery. Vinol is the ideal blood tonic and strength maker. It creates a hearty appetite, promotes digestion, purifies and enriches the blood and invigorates the entire body.

COUGHS AND COLDS

Elderly people are very susceptible to coughs and colds, which so often develop pneumonia. Don't lose time experimenting with other remedies when we guarantee Vinol to cure. Vinol has carried many an old person through a hard winter without a cold or cough.

76 YEARS OLD

The grand-niece of Alexander Hamilton says:—"I am 76 years old, have a hearty appetite, sleep soundly, and feel active and well. Thanks to Vinol, which is the finest tonic and strengthener I ever used. Vinol is a God send to old people."

80 YEARS OLD

"I was so feeble I had to be wheeled about in an invalid's chair, and took cold at the slightest cause. Vinol built up my strength so I could walk a quarter of a mile. I am delighted."—MRS. M. BLOOM, Lewistown, Pa.

PAYS LITTLE HEED TO APPLICANTS FOR JOBS

Governor Marshall Acting Upon His Own Ideas in the Matter.

Indianapolis, March 31.—Those applicants for positions under the new public accounting law, and there are many of them now in the office of Governor Marshall, may be doomed to disappointment, for the governor has signified a strong desire to make the appointments on his own initiative without regard to whether the one chosen has his name on the list. Those who have watched his appointments since he has been in office are inclined to believe that he will carry out his desires in this regard, for on at least one occasion he has sought the man for the position instead of the man seeking him.

There are a number of applicants for positions under the new public accounting law which was passed by the last legislature, and as positions carry with them comfortable salaries, considerable influence has been brought to bear on the governor on behalf of the applicants. In a statement made yesterday, however, the governor expresses the opinion that the posts are of so much importance and it is so necessary to the successful operation of the law that the men who have the positions be competent to fill them, that he believes every effort should be made to have them filled with competent men.

"I mean to do just as I did in appointing Mr. Matson on the board of tax commissioners, hunt the man myself," said Governor Marshall yesterday. "I consider this matter far too important to select the official from a list of applicants."

The governor would not give an intimation as to who would be appointed to any of the posts. In fact, he said he has been so busy with other matters that he has had little time in which to give the matter the necessary attention. It may be a month, he said, before he will decide on the appointments.

MRS. BESSIE CHESHIRE DEAD.
Descendant of Daniel Boone, Well Known in Indiana, Expires.

Washington, March 31.—Mrs. Bessie Boone Cheshire, a talented Indiana woman, who formerly lived at Newcastles and Crownpoint, Ind., died here today. She was 74 years old. Mrs. Cheshire was well known in literary, church and charity circles here and in Indiana. On her mother's side she was a descendant of the brother of Daniel Boone. She was married to Mr. Cheshire at Newcastles, Ind., April 23, 1861. He died January 13 last. She was associated with the woman's suffrage movement, and the Humanitarian society. She had done considerable literary work and had been a contributor to magazines. A half-brother, Dr. Richard G. Boone, is a professor in the University of California. Interment will be in Rock Creek cemetery.

BLEACHED BLONDES GET IT.
And Dentists Say Pyorrhea is Communicated by Kissing.

Birmingham, Ala., March 31.—In the convention of the National Dentists' association today, pyorrhea, a disease of the gums, was discussed. Some members declared this trouble is more prevalent among women whose hair is made blonde by artificial means than in any other class of people. The claim was made that nearly every woman whose hair is artificially colored is a victim of this trouble. It is communicable by kissing.

TELLS HOW TO MAKE VERY BEST REMEDY AT HOME

A Very Fine Prescription for Rheumatism, Kidneys and Bladder.

The following prescription for the cure of rheumatism and kidney and bladder troubles has no doubt been filled millions of times, viz: Fluid Extract Dandelion, one-half ounce; Compound Serravallo's, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic affections, relieving the aches and pains and reducing swellings.

A well known authority states that this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these spongy organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

If your back or sides ache and you suspect kidney trouble it would be wise to try this for a few days.

THREE MORE BANISH SALOON, TOTAL NOW IS 41

Bartholomew, Vermillion and Jennings Counties All in Dry Column.

Indianapolis, March 31.—Saloons were banished from three more Indiana counties yesterday when Bartholomew, Vermillion and Jennings, with a total of seventy-five saloons, all returned substantial "dry" majorities at the local option elections. This makes a total of forty-one Indiana counties which have voted "dry" under the new law, with Wayne still standing as the only county to return a "wet" majority.

Yesterday's contest was hottest in Vermillion county, a coal mine center, where the saloon forces believed they had a promising chance to win. Returns, unofficial, but accurate enough for all practical purposes, show, however, that the temperance forces were victorious here by about 600 votes. In Jennings county the "dry" majority is unofficially given as 518, and in Bartholomew, 801.

Charges of corruption were made in Vermillion county, and two arrests were made at Clinton, where the saloon forces were charged with having attempted to bring in foreigners and negroes from Terre Haute to vote illegally.

Columbus township, including the city of Columbus, gave a "wet" majority of 38. Center township, including North Vernon, gave a "wet" majority of 8.

HENRY COUNTY TODAY.

Newcastle, Ind., March 31.—The local option election is exceedingly quiet and absolutely no demonstration of any kind. The "drys" are getting out the votes, but the "wets" are doing nothing.

MEYER BROS. CO.'S SUCCESS.

Meyer Bros. Co., the enterprising druggists rather than wait the ordinary methods of introduction, urged the Dr. Howard Co. to secure a quick sale for their celebrated specific for the cure of constipation and dyspepsia by offering the regular 50c bottle at half-price.

So much talk has been caused by this offer, and so many new friends have been made for the specific that the Dr. Howard Co. have authorized Meyer Bros. Co. druggists, to continue this special half-price sale for a limited time longer.

In addition to selling a 50c bottle of Dr. Howard's specific for 25c Meyer Bros. Co. have so much faith in the remedy that they will refund the money to anyone whom it does not cure.

When your head aches, your stomach does not digest food easily and naturally when there is constipation, specks before the eyes, tired feeling, giddiness, bad taste in the mouth, coated tongue, heart burn, sour stomach, roaring or ringing in the ears, melancholy and liver troubles Dr. Howard's specific will cure you. If it does not, it will not cost you a cent.

This last achievement of science is of great value in curing sick headache. Thousands of women are today free from that painful disease solely through the use of this specific.

Our agents are instructed to refund the price if specific does not give satisfaction. The Dr. Howard Co. Birmingham, N. Y. For sale by Meyer Bros. Co.

Novelist Crawford Needs Only Long and Absolute Rest.

Sorrento, Italy, March 31.—F. Marion Crawford, the novelist, who has been ill for some time, has developed symptoms of bronchial pneumonia and as a result the members of his family, who have gathered here, called a Naples doctor in consultation. This physician declared the patient was in no grave danger, saying he required only long and absolute rest.

Eleven London Suffragists Refuse to Give Behavior Bonds.

London, March 31.—The proceedings in the Bow street police court this morning in connection with the raid on the house of commons yesterday of a band of twenty-seven women suffragists followed the customary lines. All the eleven women arrested elected to go to Holloway all for periods of from one to three months rather than to find sureties for their good behavior.

TAKES JOB AT CLEVELAND.

Ed Meyers Retires From Electric Works Tonight.

Ed Meyers will retire from the employ of the Fort Wayne Electric company tonight and tomorrow takes a better position with the Cleveland Carbon company. Mr. Meyers has been employed at the Electric works for several years and for the past two or three years has been in the testing department of the arc room. He is regarded as an excellent lamp man.

MONSTER ENGINE.

Railroad Man Discovered One in Africa.

The Railroad Man's Magazine recently published the following very interesting story concerning a large locomotive:

At last the real biggest engine in the world has been found, and quite appropriately by a resident of Chicago. We have heard of the Sinclair articulated compounds, of Mallet compounds and other giants of the rail. Listen to the tale of the man from Chicago:

"I am inspector of foreign boilers at the locomotive works. I was traveling through Africa some time ago, and saw the most powerful locomotive in the world. I want to tell you about it, so you can know that they have larger engines there than they have here.

"This engine has five acres of grate, four acres of netting in the smoke-box and it took a man a day and a half to walk through the cylinders. Every time the engine exhausts it rains for twenty minutes afterward. There is an elevator that goes to the headlight to hoist the oil, as it requires five barrels of oil to fill it. It takes two men forty-five minutes to light one signal-lamp.

"The engineer has the X-ray to watch for signals, and after running six months he goes blind. It takes two astronomers with a powerful telescope to see her going, and the glare of the headlight can be seen through a hill one-half mile thick. It took nine carpenters four months to build the pilot.

"They use a steam-shovel to give her coal. The tank holds twenty-seven carloads, and every time they wash the boiler it is necessary to drain the Suez canal. The pony wheels are as large as an ordinary turntable. The round house force holds a picnic in the fire-box every summer.

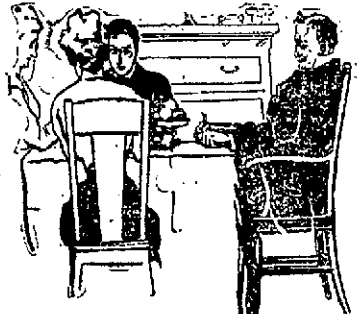

"She carries 860 pounds of steam

The Harmony of Home

Does Not Mingle With or Emanate From the Table of Dyspepsia.

In the home, meal time should awaken in all the inhabitants a peculiar harmony of joy which will make for the home the abiding place of interest and happiness.

If one member at the dinner table is out of sorts, his influence is felt and the harmony is lacking. Conversation and mirth are absent. Devouring thoughts assail the diners and silence prevails.

"At the Dyspepsia Table Ominous, Quiet and Gloom Crowds Out 'Mirth'."

All physicians agree that mirth and joy at meal time does much toward digestion. Mirth tingles the whole nervous organism of man, the cells wherein are stored valuable digestive juices, empty their contents under the nerve stimulation and promote the highest degree of digestion.

If gloom and discomfort prevail at table the reverse action obtains and meals become necessities, not anticipated joys.

Stuart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, refine the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stays by the stomach until all its duties are complete.

If dyspepsia sits at tables it makes the dining room a place of awe; these tablets should be taken after meals and dyspepsia, of a consequence flees.

No need for diet or fasting. The dyspepsia who will use them religiously will find no sense of nausea in the sight of generous meals or in the odor of rich cooking.

It matters not what the condition of the stomach Stuart's Dyspepsia Tablets only improve the juices and bring quiet to the whole digestive canal, of which the stomach is the center.

Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 30c. Send your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

may be near. Mr. King is upwards of sixty years old and his age makes the case all the more serious.

STUDENTS COMING SATURDAY.

The management of several of the big industrial plants of the city have been advised of the contemplated visit of ninety or more students from the Ohio State university. The party will arrive here on an early morning Pennsylvania train Saturday and they have requested and it has been granted permission to inspect the power plant of the Traction company, the Fort Wayne Electric works, the Western Gas works and the railway shops. The students will be served with breakfast and luncheon at the Hotel Anthony. They represent the mechanical and electrical departments of the state university and the proposed visit is of an educational character.

OVERTIME IN SHOPS.

J. C. Otis, a car material inspector for the Erie company, who is here today to inspect a lot of car castings at the Bass works, says that the car department of the Erie shops at Huntington was never more busy than at present and the management is advertising for car repairmen. The car shops are now running on a seventy hour weekly schedule. In addition to the orders to put all cars in first-class order, the Huntington shop has also instructions to prepare to handle 400 refrigerator cars for dairy product purposes in Minnesota and Wisconsin and this work must be completed by May 1. The locomotive department of the Erie shops is not very busy.

GOOD LECTURE: FEW HEARERS.

The lecture of Capt. I. W. Leonard, military instructor at Concordia college, at the Y. M. C. A. rooms last night concluded the season's series of lectures given by the association. Captain Leonard's subject was "Things You Should Know About the U. S. Army," and it was one of the most interesting and instructive lectures of the series. The attendance was not up to expectations, however. Captain Leonard was introduced by Crawford Griswold, a veteran of the war of the rebellion and a retired Pennsylvania shopman.

APPRENTICES TRANSFERRED.

The quarterly transfer of apprentices at the Pennsylvania shops will take place tomorrow and they will be as follows: F. Sarver, from erecting to machine shop; F. Hogan, from machine to erecting shop; T. Dench, from machine to erecting shop; C. Wilt, from machine shop to round house; L. Cullen, from machine shop to round house; M. Laughlin, from round house to machine shop, and W. Hornum, from round house to machine shop.

BIG FISHING PARTY.

A fishing party composed of some of the Pennsylvania shopmen and the members of their families which will spend the latter part of the week at Rome, City will include the following persons: Mr. and Mrs. C. L. McElrick and son, Mr. and Mrs. Z. T. Belger, Mr. and Mrs. Berning and son and daughter; Mr. and Mrs. F. T. Gable, E. W. Seiber, E. H. Kline, H. E. Reigel and George R. Rupley.

STILL AT SANITARIUM.

Edison Brock, of the motive power department of the Pennsylvania, is still at the Albert Baldwin sanitarium at El Paso, Texas, where he spent the winter. He contracted a cold a week or two ago and suffered a backset which will prevent him coming here to resume his work as soon as expected. He was quite sick for a few days.

ROPER IS A CANDIDATE.

J. G. Roper, a blacksmith, announces himself a candidate for member of the Pennsylvania Voluntary Relief association's advisory board and will soon commence active canvass of the field. Mr. Roper was a candidate last year and his following then insisted upon him making the race this year.

WORKING FULL TIME.

The boilermakers at the Pennsylvania shops, who were on a forty-five hour working schedule, will hereafter work fifty-nine hours per week. The boiler department is well supplied with work.

AUXILIARY MEETING TOMORROW

The Ladies' Auxiliary to the Railroad Y. M. C. A. will meet tomorrow afternoon at 2:30 o'clock with Mrs. J. W. Burns, 135 East Sutherland street. The subject to be considered will be of especial interest and all of the members should be in attendance.

INDUSTRIAL NOTES.

W. S. Sprandle, of the Pennsylvania power plant, is sick and off duty. E. W. Young, of the Pennsylvania machine shop, is sick and off duty. Division Storekeeper C. P. Cherry is in Toledo on business for the Pennsylvania today.

YOUNG MEN WANTED

United States Government Gives Railway Mail Clerks \$800 a Year to Start, and Increases to \$1200.

Uncle Sam will hold an examination for Railway Mail Clerks in Fort Wayne and throughout the United States on May 15. Many ambitious young men, with only a very ordinary school education, can readily pass. The government wants young men over 18 with common sense, to take examinations for railway mail clerks and carriers, and the Government Positions Bureau, of Rochester, N. Y., with its peculiar knowledge of the requirements of the examination, can fit any young man in a very short time to pass. A government position means steady work, good pay, and a yearly vacation. There is time to prepare for the May 15 examinations, and any reader of the Sentinel can get full information how to proceed, free of charge, by writing The Government Positions Bureau, 549 Powers Block, Rochester, N. Y.

night on business for the motive power department of the Pennsylvania.

The Bowser employees will reorganize the Bowser Grays Saturday night and will at once enter the amateur base ball field.

Daniel Davis, chemist at the Bass foundry, has been called to Jackson, Ohio, by a message which stated that his brother was dangerously ill.

Machinist W. G. Page, of the Pennsylvania round house, has returned to work, after a visit with his sister, who is very sick at Conneaut, Ohio.

Miss Mamie Chapman, who has been quite sick for three weeks, is recovering and will be able to resume her duties at the Electric works next week.

J. Williams has severed his connection with the Wabash shops and will seek employment elsewhere. Harry Klechner and O. Pratt, attendants at the Wabash round house, have also resigned.

C. I. Hobbs, the boilermaker who resigned a position at the Wabash shop today, has taken employment with the Gaudet Manufacturing company, makers of concrete mixing machines, on Pearl street.

Ferdinand Gehle, a carpenter in the passenger department of the east car shops, brought news to his comrades this morning of the birth of a baby daughter at his home.

Max Breitenbach, who lost a portion of a finger and had another crippled by getting it caught in the gearing of a little hoisting crane at the Pennsylvania round house February 22, has left the hospital and will soon resume work.

The Pennsylvania ball team will have a practice game Saturday to see who are the best players and to assign them. Manager Spencer Enrich, who had a shoulder sprained Sunday, will not be able to participate in the practice game Saturday.

H. E. Hilgemann, for the past three or four months employed in the fuel department of the Pennsylvania shops, quits the shop tonight to return to his father's farm near Academie to work during the summer. Mr. Hilgemann will probably return to the shops in the fall.

A party of thirty from the Fort Wayne Rolling mills has chartered a special car over the Fort Wayne & Wabash Valley line for Huntington, where they will attend a dance to be given by the R. S. club of that city. Will Mertz is in charge of the arrangements at this end of the line.

One of the dogs killed by Pennsylvania train No. 18, Monday morning, mentioned by The Sentinel on that day, was "Prince," a large St. Bernard, owned by Byron Young, of 521 Lavina street, who was greatly shocked by the accident. "Prince" was a general favorite with all the boys and girls in that neighborhood. He was trained to pull a cart and seemed to enjoy hauling his master and others about the streets.

COAL BARONS GIVE AN ASSENT TO PROPOSAL

Will Continue the Present Agreement Pending Further Conferences.

New York, March 31.—The following statement was given out today in behalf of the anthracite coal operators:

"At the request of Mr. Thomas L. Lewis, who headed the committee of anthracite mine workers at the recent conference with the operators in Philadelphia, the operators have agreed to continue the present agreement in force on and after April 1st, pending further conferences. The communication from Mr. Lewis came in the form of a letter to each member of the operators' committee of seven. The members of the committee all replied that the proposed arrangement was acceptable to them."

MINERS DEFER ACTION.

Await Completion of Further Negotiations With Operators.

Indianapolis, March 31.—The national executive board of the United Mine Workers of America, which has been in session at the headquarters in this city for several days, has considered the situation in the three anthracite districts informally, but all action it might take has been put over until after further conferences between the miners and the operators. The members of the board expect to complete their routine business today and to go about their several missions.

BAND OF GYPSIES IN CAMP AT FAIR GROUNDS

Pitch Camp Here on Return from Winter Spent in Missouri.

A band of gypsies, consisting of fourteen adults and an equal number of a younger generation, arrived in the city this morning from their winter camp in Missouri, pitched their camp at the fair grounds, and unless disturbed by the sheriff and his deputies will make that place their headquarters during the coming summer season. This same band spent considerable time about Fort Wayne at the close of last summer and on leaving here left four of its wagons with Louis Zollinger to be repaired. These they went after today.

A car load of baggage for the band arrived here yesterday, so it appears they are planning for a busy season. The whole troupe went around to various places in the city during the day and the bright colors of their garments could be noticed for a good distance away.

Nervousness.

Nervousness is a condition not easy to define, but the common every day use of the term indicates its prevalence. Nearly all adults have some form of nerve disturbance, not serious perhaps, but often leading to very grave results. Neglect to treat properly the early symptoms such as weakness, worry, despondency, fretfulness, forgetfulness and unrefreshing sleep is lamentable.

These simple nervous ills are often misunderstood and attributed to a disordered stomach, liver and other causes. Stimulating drugs are applied to increase activity, reaction occurs, complications set in and on they go from bad to worse until a collapse occurs.

The nerves are the source of all energy. All debility, mental and physical, is a lowering of the nerves' vitality. They need revitalizing. Wheeler's Nerve Vitalizer has been made famous by its never failing success in relieving all forms of nerve weakness.

While some of its cures seem marvelous, yet they are simple because logical. It first quiets nervous disturbance as you would a frightened child by soothing influence. When the nerves become calm under the influence of Wheeler's Nerve Vitalizer, they gather new strength and vigor by their recuperative powers. Sleep, profound and refreshing, rests and invigorates the brain, worry and gloom are driven from the mind and all the organs are made active. This is no fanciful picture, every statement is endorsed by those cured. Wheeler's Nerve Vitalizer will cure any case of nerve disease, from simple weakness to nervous prostration, and does not contain alcohol, opiates, or any harmful or habit forming drugs.

After All Failed, Wheeler's Cured.

In 1883 I received an injury which resulted in lateral curvature of the spine. After three operations the curvature was straightened, but the weakness was still there, and my nervous system was quite shattered. For days at a time I was unable to lie down, and would go without sleep as long as nature would allow, and then, by the use of chloral, obtain some rest, and go on again, year in and year out. I used every known remedy in medicine, and tried every proprietary medicine without effect. I at last tried Wheeler's Nerve Vitalizer, and the results have been happy beyond all expectations. I can sleep as well as anyone, and have gained in flesh from 142 pounds two years ago to 190 pounds now. I know what I am talking about when I say Wheeler's is the best. J. Harvey Hutchings, Danbury, Mich.

Less Than One Bottle Cured.

I consider your Wheeler's Nerve Vitalizer one of the world's seven wonders. I had been falling in health for several years, growing worse, until I had to give up work two years ago. Since that time I treated with the doctors and took all of the advertised cures, until I became disgusted, because they did not help me. I finally tried your Wheeler's Nerve Vitalizer, and less than one bottle of it put me on my feet, so that I could return to work. I consider it remarkable that such a small quantity of the medicine should accomplish so much. It certainly is a wonder. Frederick Raub, Elliott, Pa.

WITNESS GOES INTO SOME DRAMATIC DETAILS

Snearly Habeas Corpus Proceedings Under Way at Columbia City.

Columbia City, Ind., March 31.—Little sensational or incriminating evidence was heard in the Snearly habeas corpus proceedings until the last witness yesterday afternoon, Mrs. Brodbeck, wife of the former partner of Dr. Snearly, was called. When questioned by Warren Sayre, attorney for the defense, she remembered nothing definitely, but when asked by the court to tell her story told it dramatically and minutely, even going so far as to say that while at the Snearly home the night of the death of Mrs. Snearly she had seen the defendant cross to another room to fill a syringe preparatory to giving a hypodermic injection. When questioned, she stated she was not a friend of Snearly.

Ten witnesses were examined yesterday, most of them being Wabash physicians who were present at the autopsy or persons who were at the death bed.

One important fact brought out was that symptoms of uremic poisoning were similar to strychnine poisoning, and that the autopsy would not therefore disclose which, if either, was the cause of death. Dr. Snearly appeared cool and collected and frequently jotted in his notebook. A night session of the court was held in an effort to conclude the hearing by this evening.

Dr. Snearly is the young Roann physician who is accused of having caused the death of his wife by poisoning.

FEAR OF JAIL HALTS HARRIMAN.

Favors Big Combine, but Sees Prison if He Tries It.

Denver, March 31.—If E. H. Harriman could have his way he would bring all the railroads of America into one gigantic combination, under one head, and begin immediately to spend \$250,000,000 or \$300,000,000 on improvements of the weaker roads. In this way, he says, he believes he could do the greatest good for the government, the people generally, for the shippers individually and for the owners of railroad stocks.

Mr. Harriman, who passed two hours in Denver yesterday on his way east, said in an informal talk at the chamber of commerce:

"If we could we would throw our cloak over the weaker lines throughout the country and begin immediately the expenditure of between \$250,000,000 and \$300,000,000 to improve them. This should be done openly and under some sort of government supervision. But we would all be put in prison if we tried it. Roosevelt was wrong in his fight on me and the railroads, and the truth of this is getting clearer every day."

DOZES WHILE LEG IS BURNED.

Porter Feels No Pain Because Limb on Radiator Is Asleep.

Kewanee, Ill., March 31.—While sitting in a hotel lobby yesterday with his right leg over a cold radiator, Porter Frank Peterson fell into a doze. Owing to his cramped position his leg went to sleep, and when steam entered the radiator the numb leg was terribly burned before he awoke. The flesh was cooked, and a physician was obliged to cut away several inches of burned tissue. Peterson says he felt no pain whatever.

INSANE YOUTH ATTACKS SIRE.

New Albany Physician Has Narrow Escape After Fight With Son.

Jeffersonville, Ind., March 31.—Wendell Ruddell, 24 years old, son of Dr. I. N. Ruddell, suddenly became violently insane yesterday and attacked his father with a poker. The latter escaped only after a desperate fight with his son. It required four men to control the young man. He was taken to the Central Hospital for the Insane, from which institution he was discharged a short time ago as being cured.

STIFF NECK.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all druggists.

Prof. F. J. Kellogg, My Dear Sir: Your Safe Fat Reducer is all and more than you ever claimed for it. My weight today, after ten weeks' treatment, is 255 pounds, a loss of 189 pounds, as I weighed 444 pounds when I began with the Safe Fat Reducer. I never felt so well before, not even in 1896, when I was in hard training as a professional bicyclist and riding partner of Baby Bliss. The reduction has been natural and gradual, and has at no time interfered with my regular duties.

Cures Prominent Nurse of Terrible Fat.

Clara Elizabeth Doolittle, nurse for over fifteen years in America's best hospitals, including New York city and homeopathic hospitals of New York, praises the Kellogg Safe Fat Reducer:

"When I commenced treatment with Safe Fat Reducer I weighed 300 pounds. My chest measure was 42 inches, waist measure 32 inches and hips 48 inches.

"For four months I have been losing in weight constantly and naturally and with no ill effects, and am feeling much better.

"Today I weigh 148 pounds. My chest measure is 37 inches, waist measure 27 inches and hips 40 inches. I cannot speak too highly of Mr. Kellogg and the great work he is doing for fat-burdened humanity." Clara Elizabeth Doolittle, box 64, Tekonsha, Mich.

Leaves No Wrinkles.

You should have no fear, after being reduced by Kellogg's Safe Fat Reducer, that your loss in weight will result in wrinkles, as is usually the case with so many treatments used for flesh reduction.

Free \$1.00 Package Coupon.

This coupon is good for a \$1.00 package of Kellogg's Safe Fat Reducer, if sent with ten cents in silver or stamps to help cover postage and packing, and as evidence of good faith and if you can honestly say that you have never used this treatment before. Only one package will be sent by mail in plain wrapper, to each person. Also testimonials will be sent from hundreds who have been greatly reduced. KELSEY WARM AIR GENERATOR

With the ZIG ZAG Heat Tubes, for Home, Church and School heating is entirely unlike any other warm air heater.

The Kelsey warms fresh air by the best method; warms large volumes of air properly and forces it into every room.

The Kelsey has double the weight and heating surfaces of the ordinary furnace; utilizes all the heat to much better advantage; does not heat the cellar or waste heat up the chimney; is easy to manage; is dust, gas and smoke proof, and most durable in construction.

NOT AN EXPERIMENT—30,000 IN USE AND SALES INCREASING EVERY YEAR.

If you are considering the purchase of a new heater, we would like to show you why the Kelsey gives much better results than furnaces with the same fuel, or the same results with a big saving in fuel, and why it is being installed in the best class of homes in preference to other systems.

CLUB WOMEN AGREE TO BAR KID GLOVES

Chicago Ladies Will Discard Them Until Tariff is Settled.

Chicago, March 31.—Women bare-handed, women in woolen mittens and women in lace mitts will reach out protesting hands against the tariff on gloves if Mrs. L. Bracken Bishop's suggestion is carried out. She made the proposal to the members of the North End Woman's club, of which she is a member, at its meeting at the Edgewater Country club yesterday.

"I think it would be a good idea," she said, "if all women would quit wearing gloves until this question of a tariff on gloves is decided. How many women in this club will agree to stop wearing gloves until the matter is settled?"

Gloves Cast Aside.

Orris scented white kid gloves were cast hurriedly aside and scores of gloveless hands were raised. No one dissented.

"This question of a tariff on gloves and hosiery," said Mrs. Bishop, "is going to do more than anything else to interest women in the cause of suffrage, because it is making them realize how easy it is for men to legislate against their best interests, and how helpless they are in the matter."

vent an increase in the price of gloves. They cost enough now. But that was an informal acquiescence. No resolution of the kind was adopted. I think the women thought it would be a little impractical, going about without gloves."

"I would be perfectly willing to go without gloves myself," said Mrs. Bishop. "If it would do any good, or there was any chance of its doing any good, but perhaps I'm not as conservative as most women. Still, that's what they all agreed to do. They all held up their hands."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

FOR DISEASES OF THE SKIN.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which of ten makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

MOVING TO FORT WAYNE.

(Kendallville News.)
A. E. Kunder and family are moving this week to Fort Wayne, where Mr. Kunder is associated with M. E. Rice in the growing of gladioli and other marketable flowers. Their industry was started last year on a small scale, but this year they are branching out farther and will have a ninety-one acre tract under cultivation. They have ten acres in gladioli, including Kunder's famous ruffled species, and they have 10,000 tulips out, which will be ready to bloom in May.

The Evolution of the Moth Bag

How the very mention of the name calls to mind the sickening odor of tar, camphor balls and other so-called preventives so closely associated with moth bags!

But here in our store this week is being demonstrated a Cedared Paper Wardrobe that for general utility and purpose is as far removed from the old-time moth bag as can be imagined for a contrivance of its kind.

It's the Wayne Cedared Paper Wardrobe

And it has more good points and advantages over other moth bags on the market than we can take space to tell. Its construction of tough, wear-resisting Jutehemp paper gives it strength; its accordion plaited sides and compact form make it admirable for the house with limited closet and storage room, and the delightfully "woody" smell of the cedar is much to be preferred to "moth balls."

Every Woman Should See This Demonstration

—know for herself the "why" of this wardrobe and learn of the different sizes in which it is made for different garments, and get other valuable information from the demonstrator on the proper packing away of furs and garments for the summer.

WOULD MEAN BIG SAVING.

Dr. G. A. Smith Plans Improved Process of Radiography.

A new process of radiography which it found to be practical would mean a big saving both financially and in time to the users was presented to the Allen County Medical society at its meeting in the court house Tuesday evening by Dr. Guy A. Smith and the interest in it became so favorable that several physicians have promised to aid in finally determining whether it would be practical. Dr. Smith's method does away with the old plates, substituting a highly sensitive bromide paper, and he also proposes to develop and print the pictures by a new method. So far as can be said now the scheme appears to be an excellent one and if adopted will lower the cost of producing pictures from \$1.50 to about 25 cents and will also enable the users to produce the pictures in fifteen or twenty minutes whereas it formerly required the better part of a day.

Dr. E. J. McOscar very interestingly presented a paper on "Prophage of the Kidneys" and the discussion was led by Dr. C. E. Barnett.

GOOD COUGH MEDICINE FOR CHILDREN.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. E. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by all druggists.

LEAPS FROM TRAIN; MAY DIE.

Passenger Jumps While Passing Old Home Near Washington, Ind.

Washington, Ind., March 31.—Ira Ragsdale lies in a dangerous condition at the home of his father, Permenus Ragsdale, a short distance east of Washington, as the result of jumping from a fast moving train. Ragsdale and his family were on their way here for a visit and when the train was passing his old home he jumped to the ground. His head was badly cut and his body is a mass of bruises and it is not known yet whether the injuries will prove fatal.

A PLEASANT PHYSIC.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at any drugstore for a free sample.

FOR SALE.

Because of re-furnishing and re-carpeting Wayne hotel, the present furnishings and carpets will be for sale after May 1st. Also 2 pool, 1 billiard table, 1 bar and fixtures, ice boxes, etc. Inquire W. D. Collins, manager Wayne hotel. 30-21

Everything for the Table

We wish to call your attention to our Tea and Coffee department as one of the new features of "Our Store." A great number of Tea and Coffee users are not satisfied with the grade of Tea and Coffee they are now buying at other stores, and it was with this fact in mind that we installed our Tea and Coffee department.

We have secured through one of the largest importing houses in the United States a complete line of Teas, Coffee, Spices, etc., and have a better assortment of varieties and prices than any other grocery in the city.

In order to make this department up-to-date in every respect, we have furnished it throughout with air-tight, sanitary canisters, thus preserving the strength and aroma and insuring you clean Teas and Coffee. We are prepared to do all kinds of blending and would be pleased to have you call and see the line of goods we carry and let us show you some of the many useful and valuable premiums we are giving with it.
